Your statement and opinion is as real as that lie you told the court about me being a cult leader, wanting to kill you and your family. You have a problem with reality, truth and fact. This is no damn movie. It is no damn script and it is no damn drama. Your statement and opinion is beyond irrational and is completely delusional, Ridiculous, absurd, obnoxious, hurtful, harmful, and intentional. The best thing you could've done is just not said anything. You chose to provoke and say such ridiculous, absurd, ludicrous, fictional, delusional nonsense. You accuse me of many things, which just are not rational, real, possible, factual or accurate. You accuse me of many things that are just plain over-the-top delusional. I can't think the way you do. I don't live and think in a movie script or a damn drama. So you could have chosen not to say anything, which is what I am going to do from this point forward.
